General Notes: Met Renee at the Neighborhood house family outreach event on April 18th and she was concerned because she and her sister are providing kinship care and she is having a difficult time and wanted to be connected to resources. We talked about Grandfamilies and how helpful a program and she was very interested. I told her I would call her and would also make a referral to Grandfamilies. BL

Describe the target audience and environment of the event.

Jody does an annual event with her families each year. Dinner was provided and her workers had some games provided that the children could go around and participate in. Jody would send her parents to us to sign permission forms for ASQs. We were planning on doing ASQs at the event, but after talking to Jody more, we just gathered permission forms and told them Jody would send them our way if there were any concerns or if they scored in the gray or black.

Resources and Staff

What materials and/or equipment did you use for this event?

- Activity Sheets:
 ASQs:
 Blog and/or Website Cards:
