

Help Me Grow Utah Healthcare Provider Outreach

Page 2-3: Healthcare Provider Brochure: Given during the presentation.

Page 4: Front page of our Healthcare Provider Outreach folders: We use a folder during the presentation that includes our FAQ sheets, Healthcare Provider brochures, a copy of the ASQ, examples of community resources and contact information.

Page 5-6: Healthcare Provider and Clinic Database: We use this database to track which clinics we have presented to as well as any referrals/resource information we may give to their office. This database is still in development, but we will be using it to generate reports on a specific office's referrals, post-visit follow-up and connection to the families that use a specific practice or resource.

If you have any questions about how we do Provider Outreach, call us!

Ages and Stages Questionnaire Third Edition

A simple, accurate and inexpensive screening tool for your office to use!

Benefits of using the Ages and Stages Questionnaire:

- ♥ **Easy to use:** Each questionnaire is written in simple terms for a parent to fill out and takes about 15 minutes to complete.
- ♥ **Tracking abilities:** Keep a close eye on how a child is developing over time.
- ♥ **Parent education:** As a parent completes the ASQ-3, they learn about their child's development.
- ♥ **Easy to integrate:** You can put an ASQ-3 system in your own office!

Help Me Grow
United Way of Utah County
PO BOX 135
Provo, Utah 84603

Together, we focus on child development, so your families can focus on their child's future.

FOR Healthcare Providers

A **free** information line designed to connect healthcare providers and their patients to information about community resources and child development.

What is HELP Me GROW?

Help Me Grow is a free parent info-line designed by a pediatrician as a central access point for parents, medical providers and community service providers. Help Me Grow gives you access to a comprehensive database of local community resources, care coordination by trained professionals and connection to the Ages and Stages Questionnaire, 3rd Edition.

Why use HELP Me GROW?

- ♥ Access a dynamic community resource database
- ♥ Spend your time working on your patients health rather than researching resources
- ♥ Receive notification about the resources your patients have been referred to

"HELP Me GROW has helped the families I see find resources they need to maximize the development of their children."

- Dustin B. Wise, M.D.
Lone Peak Pediatrics
