Re: Alex Doe  
DOB: 06/03/2011

Dear John,

Thank you for completing the Ages and Stages Questionnaire (ASQ) through Help Me Grow. Your child is doing all the things one would expect of an infant or young child his/her age based upon your responses on the ASQ.

The first five years of life are very important for your child because this time sets the stage for success later in school. During infancy and early childhood, many experiences should be gained and many skills learned. It is important to ensure that your child is making progress during this period.

If at any point you have questions, concerns or need information on resources regarding your child's development or behavior, please call Help Me Grow at 1.866.GROW.025 (1.866.476.9025).

Enclosed in this envelope are fun, age appropriate activities for you to do with your child.

Thank you again for your participation.
