

Better Communication Better Outcomes

OC Children's Screening Registry

The free OC Children's Screening Registry is an online database that allows primary health care providers and community-based providers to view and enter developmental and behavioral screening data and share information on referrals and outcomes. It includes four screening tools: **Ages and Stages Questionnaires-Third Edition (ASQ-3)**, **ASQ: Social Emotional-2 (ASQ: SE-2)**, **Parents Evaluation of Developmental Status (PEDS)** and **Modified Checklist for Autism in Toddler, Revised with Follow-up (M-CHAT R/F)**.

To learn more about the OC Children's Screening Registry, visit: <http://www.helpmegrowoc.org/developmental-screening-registry.html>

OC Children's Screening Registry

For you/your organization:

- Fast, easy, free access to a child's screening history
- Have a free paperless placeholder for all screening data and generate reports
- Share HIPAA compliant screening results with other healthcare providers
- Seamlessly connect families to Help Me Grow to obtain services and/or resources for their child
- View status on referrals made by Help Me Grow
- See a trajectory of a child's development over time by viewing multiple entries
