

UNIVERSAL DEVELOPMENTAL SCREENING

An efficient system to streamline your efforts and track each child's development and ensure optimal outcomes.

Celebrate and nurture **milestones** together with families

Efficiently **track and document** development to guide staff, parent conferences and team meetings

Improve relationships with health care providers and share early childhood development expertise

Trainings, incentives, and support is available!

Promote **positive parenting** approaches/strategies and strengthen families

Join hundreds of Vermont ECE providers who are implementing developmental screening to integrate protective factors and health prevention strategies into their programs
