

Are you interested in learning more about your child's development?

Help Me Grow[®] Florida can help! We promote the early identification of developmental, behavioral or educational concerns and link families to community-based services and supports at no cost to parents and caregivers.

How Does Help Me Grow Work?

1.

Contact Help Me Grow through your local 2-1-1 for resources that address concerns about health, development, behavior and learning.

2.

If Help Me Grow is offered in your area, a care coordinator will listen, provide support, and assess the needs of your child and family.

3.

Help Me Grow will offer free screenings to help provide insight on your child's developmental and behavioral skills.

4.

A care coordinator will communicate the screening results with your family, and appropriate referrals to local services and supports will be provided.

5.

Scheduled follow-ups will occur to inquire about previous referrals given and any additional concerns that your family may have.
