

Implementing Universal Access to Developmental Screening Help Me Grow NJ

Reflection Questions for your Toolbox

Section 1: Leveraging Funding

1. How can you approach new funding opportunities that become available in the future to support your EC systems work?
2. What gap could this funding address?
3. What work is already being done that this funding could further support?
4. Which partners also are invested in supporting this work?
5. How can this funding be a WIN WIN for Stakeholders (Community and State), the Families served and the funder?
6. When opportunities arise, what are some ways to consider how the funding enhances existing work?

Section 2: Family Engagement

1. Can families be true partners in your work?
2. How can you share leadership with family and parent partners in your work?
3. What are some supports you would need to work collaboratively with parents to create meaningful outcomes?
4. Can you share some examples from your family engagement work based on the family engagement continuum? (Transactional-Transitional-Transformational)

Final Reflection:

1. What is one take away that would help you implement universal screening within your systems work?
