

**Help parents as  
their children grow.**

**Connected Families,  
Connected Communities.**

**All In For  
Kansas Kids**

### **Families look to you for information they can trust about their child's development. Here's how to offer the best support.**

#### **Conduct regular developmental screenings.**

- Utilize recommended screening tools such as:
  - ASQ-3
  - ASQ:SE-2
  - M-CHAT
- Learn more about available screening tools at [helpmegrowks.org/provider](https://helpmegrowks.org/provider).

#### **Connect families to resources and support in their community.**

- Make appropriate referrals when needed at [helpmegrowKS.org/provider](https://helpmegrowKS.org/provider).
- For additional support and access to resources, connect with 1-800-CHILDREN.

#### **Collaborate with other health and social service providers.**

- Become a provider champion in your field.
- Engage in early childhood networking opportunities.
- Participate in local councils and committees.

#### **Participate in training opportunities focused on developmental health.**

- Learn about upcoming training or request a training in your community by visiting [helpmegrowks.org/provider](https://helpmegrowks.org/provider) or [aap.org](https://aap.org).
