

SPONSOR PROSPECTUS

The Help Me Grow (HMG) National Center invites you to sponsor **HMG National Forum Week, taking place October 11-17, 2023.**

The Forum Week will bring together upwards of 700 HMG affiliates and partners from across the country to connect and create new partnerships that offer insight into the direction and aspirations within the field of early childhood health and system-building. Now in its 14th year, HMG National will embrace all of our experience hosting the Forum both in-person and virtually, offering the best of all worlds through two exciting offerings:

- 1. In-Person Summit | October 11-13 | Fort Worth, Texas**
- 2. Virtual Event | October 17 | Virtual Attendee Hub**

The HMG Forum provides national visibility and an opportunity to connect with hundreds of people in early childhood system-building leadership roles across the nation, as well as with six leading national-level organizations partnering with us for this year's event.

Your organization has the opportunity to showcase its products and services to a broad audience of passionate advocates, including physicians, social workers, public health and child development professionals, researchers, and others. See the attached form for details on the benefits associated with sponsoring.

All children should be able to grow, develop, and thrive to reach their full potential. The HMG Model is the only evidence-based early childhood system model existing nationwide and provides a unique framework to implement comprehensive, cross-sector, coordinated, effective early childhood systems that promote equity and strengthen family resilience and protective factors.

Dedicated to ensuring that early childhood systems maximize the potential of all young children, the HMG National Center serves as a national level organizing entity and technical assistance resource to support varied implementations of the HMG Model across the country. The HMG Affiliate Network represents an ever-growing, powerful coalition of states, communities, and individuals invested in building ambitious and resourceful early childhood systems that optimally serve all families and children.

We welcome your participation in this event as a sponsor. There are a limited number of sponsorship opportunities for this event, so please register early, and no later than September 20, 2023.
